13 Faces of the Moon

Savannah Skye (http://www.geocities.com/savvy1007)

13 Goddesses of the moon
Is to whom I dedicate this poem to
Astarte, Bast, Cybele, Diana, Eris, Freya, Gaia,
Hathor, Isis, Juno, Kali, Lakshmi and Maat
13 faces of the moon

Is to whom I dedicate this poem to
One of them whom is
She who wears the crescent horns
Astarte, who is our protectress for 29 nites

One of them whom is
The Lady we hold great celebrations for
Bast, who looks over the black cat of the dark nites
Bast, who watches over us for a steadfast 30

The Lady we hold great celebrations for
As we dance and drum for Her
Ecstatically for 29 nites
Is Cybele, our great Mountain Mother

As we dance and drum for Her
We are loving devotional Priestesses
Of Our Mother of all Creatures
Diana, who shines down on us for 30 nites

We are loving devotional Priestesses
Who sees Her lovely face in the moon
For 29 continuous nites of chaos
As Eris, the Goddess who discords us into perfect
rhythm

Who sees Her lovely face in the moon
For she is our large wombed-earth mother
And for 30 nites She keeps by our side
As we fly with Freya on a magical ride

For She is our large wombed-earth
For She is our mother and daughter
For She is the earth herself born from chaos
For She is Gaia who for 29 nites, lites the sky

For She is our mother and daughter
Who wears a sun disk glowing between horns
As the moon shines from Her for 30 nites
Shines from Hathor, our Great Goddess

Who wears a sun disk glowing between horns
For She is our Goddess of the moon
Who shines for 29 nites on the Nile's moonlit waters
Where Osiris' love reflects for her, our Queen Mother,
Isis

For She is our Goddess of the moon
Our Mother of the dark
Who shines down on us for 30 nites
For she is Juno, our lady of the sky

Our Mother of the dark
Who is one face of our Great Devi
She is Kali Ma
Our Goddess who dances the dance of death for 29 nites

Who is one face of our Great Devi
Who has many names
And for 30 days
She looks down upon us with the lovely face of Lakshmi

Who has many names
Whom we all love and cherish
For all these Goddesses that starts with Astarte whom
Stays around for 29 days and ends when we see
the luminous face of Maat

Whom we all love and cherish
For they are the 13 Goddesses of the moon
Astarte, Bast, Cybele, Diana, Eris, Freya, Gaia,
Hathor, Isis, Juno, Kali, Lakshmi and Maat
For they are the 13 faces of the moon
